FACULTY INNOVATION GRANTS FOCUSED ON INTEGRATING MIXED REALITY IN TEACHING AND LEARNING

This grant is intended to support faculty in the development of student assignments and assessments using mixed reality technology for one or more courses in the 2025-2026 academic year. For more information on eligibility and requirements, please visit this link.

To apply, please email this completed application form and current CV in a single email to bstephens@touro.edu by December 23, 2024.

Name: _____

School/Program: _____

Position: _____

Touro Email: _____ @ _____

Course name/number: _____

1. Describe your experience with or interest in mixed/virtual reality or similar technologies.

2. Describe the project, including how you anticipate your proposed mixed reality pedagogical project will enhance student outcomes and what assignments and assessments you propose to develop for your course.

3. Identify software platforms which provide the capabilities for your project and how you anticipate using the features. If there are multiple platforms which can provide similar functionality, please include all.
